The Power of Networking (Within the Company)

Networking has become a crucial part of the world today. Most people are aware of external networking and primarily focus on that. It is important to pay extra attention to internal networking, or networking within the company. To be truly effective, internal networking must be utilized throughout the company.

With The Power of Networking (Within the Company) workshop your participants will learn how internal networking is changing the workforce. Through this workshop, your participants will gain a new perspective networking, and what benefits can come from fully utilizing and making connections with internal networking.

Workshop Objectives:

- Define networking

- Understand networking principles

- Use networking tools

- Avoid common mistakes

- Understand how to build relationships

- Manage time successfully
