

The Cloud and Business Workshop

The cloud has become a vital component for business as technology becomes embedded in modern life. Every leader needs to understand the cloud and how it operates as well as the potential dangers and pitfalls associated with cloud computing. Knowledgeable monitoring and maintenance can be the difference between the success and failure of the technology's use.

With our "The Cloud and Business" workshop, your participants will discover the specifics of how the cloud can be a successful business tool.

Workshop Objectives:

- Understand what the cloud is
- Recognize risks and benefits
- Communicate effectively
- Employ business processes
- Monitor performance
