About the speaker

Casha Meintjes is a qualified optometrist registered with the HPCSA and is the owner of three optometric practices called Eyetek. Casha has been offering innovative and complete optometric solutions for over 24 years - not only to people in the Westrand of Gauteng but also to people from all over Africa. She has extensive experience in children's vision, vision-related learning difficulties, neuro-optometry, vision therapy, binocular vision and contact lens fitting for children. She is also registered with the following associations:

- BABO - The British Association of Behavioural Optometrists
- NORA - Neuro-Optometric Rehabilitation Association in the US
- Die Rooi Appel - Dyslexia Association
